Task Description

Type: Oral Viva

Learning outcomes assessed: 3, 5, 6, 8

Due date: Exam Block

Weight: 25%

Domains (Points): C&C (50), PEx (175), L&M (25). *Awarded as per rubric criteria.*

Task description:

The oral Viva will assess knowledge and application to identify medication related problems and discuss therapeutic decision making in choosing options to resolve the medication related problems.

The viva will be 25 minutes in duration including 10 minutes reading and preparation time. During the preparation and reading time only, you will have access to the AMH and eTG. Then you will commence the oral examination, discussing the medication related problem(s) you have identified and plan to resolve these with the examiner (5 mins) who will then also ask you questions about your case and recommendations (10 mins).

Permitted materials: Tabbed physical AMH, temporary MFA code on paper, basic stationery, UQ-approved calculator

---

Viva Process

Before the Day:

- Check your exam timetable and the Viva timetable uploaded on Blackboard for the date and time of your allocated session (up to 3 hours)
- Generate a temporary Multi-Factor Authentication (MFA) code (https://support.my.uq.edu.au/app/answers/detail/a_id/3363/~/setting-up-okta-mfa#10) to access online resources in the Viva. Record the code on a piece of paper to bring into the exam.

On the day:

1. Arrive at least 15 minutes before your allocated session (AM or PM)
2. Sign in with your student ID card. *If you don't have your student ID you must present to the School reception with another form of photo ID to get a temporary student ID*
3. Leave all non-permitted materials outside the holding room
4. Listen for when your Colour and Number are called
5. Quietly follow directions into the dispensing room for preparation time

6. Start logging into your permitted resources using your temporary MFA code. *Resources include AMH Online and eTG*
7. Use the time to read the case, plan and develop your structured response. *You will have access to note paper*
8. Quickly log out of the browser and bring your notes with you when the invigilator tells you to
9. Quietly follow directions to your exam room (based on your colour) and examiner (based on your number)
10. Give ID to examiner and state name and student number for the recorder
11. Buzzer will sound to start 15 mins examination time
12. Start with presenting your case (i.e. ISBAR) to the examiner. *This should take about 5 mins*
13. The examiner will then ask follow up questions about your case and extensions questions about your knowledge and application. *This should take about 10 mins. Can refer to notes but no other resources permitted.*
14. Buzzer will sound to end examination time. Give all notes to the examiner and leave the exam room quietly
15. Collect your non-permitted materials quietly and leave the exam
16. Breathe a sigh of relief, reward yourself, then prepare for the OSCE
